

THEY KEEP YOU ALIVE

The Air Max Lite was initially released in 1989, 2 years after the Air max 1 (AKA Air Max 87). It's the perfect combination of the Air Max One and Air Max 90 and a sneaker that has never been released in the U.S. It's the first time the shoe has been re-released and is set to be as popular as both the Max 1 and Max 90
